

St Albans East Primary School

October Update From Your School Council

Hello Everyone,

We hope that Term 4 has started well for you all! This year has simply flown by and this term is going to be a very busy one indeed. We are looking forward to seeing all of the exciting displays around the school next week at the STEAM family night on Wednesday 24th October. Later this term we will see our Year 6 students head off for their step up days at their chosen secondary college and before we know it, December will be upon us and it will be time for the Year 6 Graduation evening.

The external school review was completed in Term 3 and the Department of Education and Training has now signed off on the report. We look forward to sharing the outcome of the report with the school community once school council has received it. The new garden beds at the school are looking great. A lot of fabulous work has been going on around the school to improve the facilities for the students, staff and the school community. The planning for the new student toilet block is well under way and construction should start later this term. The new toilets should be ready for the 2019 school year.

We still have one vacancy on school council – which a community member or parent could fill. So if you are interested, have a chat with our School Principal Paul and come along to our October meeting.

School Council President - Tracy Nero
